IEEE Based
Topics
For FINAL YEAR PROJECTS

B.E. Electronics, E&TC, Electrical, Instrumentation, Comp. Engg. & IT BSC, MSC, BCA & MCA

All projects can have display, LED, 16X2, 20X4, colour LCD, GLCD, TFT, OLED.

microconnect
engineers

With All Project Testing Facilities

HW / SW testing tools will be provided by us.

Complete HW/SW steps and working Explanation with short training.

Can get 3 months internship certificate if required

Guaranteed project completion

◆ **All Embedded Projects Using - PIC, AVR, Arduino, ARM, MSP430**

◆ **All IOT based projects of All Consumer Electronics, Audio, Video, Camera, Raspberry Pi Security Surveillance Application**

◆ **All Wireless Communication using RF, IR, Bluetooth, Wi-Fi, GSM, GPS, ZigBee etc.**

◆ **All Industrial / Process Monitoring & Control Parameters Medical Instruments such as ECG, Dissolved Oxygen**

◆ **Power Electronics Emergency Power Supply, Solar Power System, Fan Speed Control**
